

## ASTM A335 quick facts

astm-a335

| Item                  | Engineering information                             |
|-----------------------|-----------------------------------------------------|
| Product               | Seamless ferritic alloy-steel pipe                  |
| Service               | High-temperature piping                             |
| Active edition        | ASTM A335 / ASTM A335 M-26                          |
| Common grades         | P5, P9, P11, P22 and P91                            |
| Key alloying elements | Chromium, molybdenum and grade-specific microalloys |
